## PREMIUM FINISHES

DESIGNED TO PERFORM. BUILT TO IMPRESS.

### PREMIUM FINISHES

Refined textures and modern designs that deliver a sophisticated look and feel.

### DURABLE

Engineered for long-lasting performance. Scratch, impact and wear resistant for everyday life.

### EASY TO CLEAN

Smooth, non-porous surfaces that are easy to maintain with just a simple wipe.

### FAST & COST EFFECTIVE TRANSFORMATION

Quick installation over existing surfaces for beautiful results in less time and at a lower cost.

### SUSTAINABLE SOLUTION

Low VOC options and responsible manufacturing for a better future.

### WATER & MOULD RESISTANT

Resists moisture and mould growth, making it ideal for high-humidity areas.

### HEAT FORMABLE & SHAPING PROPERTIES

Easily heat formable for seamless curves and custom applications.

### COLOR AND FINISH SELECTION DISCLAIMER:

When selecting colors from our colour and finish chart, please be aware that the samples displayed may vary in tone or hue from the final product installed in your space.

Factors such as lighting, texture, and the materials used can affect the appearance of colors. Additionally, colors may appear differently when viewed on various devices, including cellphones, tablets, and computers, due to differences in screen settings and resolutions.

We encourage you to consider these factors carefully when making your selections.

Architectural Vinyl Coverings cannot be held liable for any discrepancies in color or finish resulting from these variations or for choices made based on the color samples provided. For the most accurate representation, we recommend viewing physical samples whenever possible.
